This book outlines the construction, interpretations and understanding of US strategy towards Africa in the early twenty-first century. No single issue or event in the recent decades in Africa has provoked so much controversy and unified hostility and opposition as the announcement by former President George W. Bush of the establishment of the United States Africa Command – AFRICOM.

In East Africa, a region that hosts several U.S. military bases, a Kenyan naval base that hosts American troops, was recently attacked by Al Shabaab, a terrorist organization that is based in Somalia, and is viewed by AFRICOM as “the most dangerous” threat to American interests in the region. But there are other potential security challenges in the region that have not been addressed by General Townsend’s testimony, including the interstate competition in the region by several middle ...
